Faculty members-02

Brief Report:

The Department of Environmental Science had celebrated World Ozone Day on 16th September for S.Y. B.B. A and S.Y. B. Com students of Haribhai V. Desai College, Pune. On the occasion of World Ozone Day, various activities were conducted to create awareness of the ozone layer and its importance through video presentation, lecture and quiz competition. All the above activities were conducted during the allotted awareness lecture time. Firstly, the students were briefly introduced with the history and reason behind the celebration of world ozone day from the last 35 years.

Lectures were conducted by Ms. Sayali H. Dhole and Ms. Swati Rani Pandit to make students understand about the ozone layer, its position in our atmosphere, its

importance and its impact on climate change. A short video was presented from the UNEP website to make students aware of ozone layer depletion, formation of ozone holes in the Antarctica Region and its impact on the environment. At last, a quiz competition was conducted to make them think out of the box and develop general awareness towards this sensitive topic. The activity was concluded with the small appreciation gifts to students for their active participation in World Ozone Day celebration.

Outcome: Students understood the importance of the ozone layer and the necessity to protect it.

Conclusion: The activity was successfully conducted with student's enthusiastic participation and awareness regarding ozone depletion was created through this initiative.
