Event Name: Green College Clean College (GCCC) Competition 2023-24
organized by Kirloskar Vasundhara Foundation

Event Date and Time: Final round on 26th December 2023 at 10 am to 6 pm

Coordinator: Dr. Rajashree B. Patwardhan
Head, Department of Microbiology
Vice Principal, Science Faculty

Department: Microbiology

For Students of: UG and PG students of all faculties in college

Platform: Inter college at district level

No of attendees: 150 students from all colleges

Objectives include:

- *To maintain an eco-friendly ecosystem in and around the campus of the college.*
- *To create a healthy atmosphere in the college*
- *To promote the recycling of solid and liquid waste generated in the campus.*
- *To create awareness among the people about the surroundings*
- *To maintain campus clean and green*

Brief note:

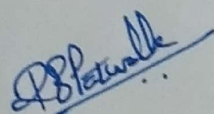

GCCC Competition has been organized for the last 8 years in Pune by Kirloskar Vasundhara foundation. It is a participatory movement of college administration, staff and students to transform the college campus towards using natural resources (water, energy etc.) with maximum efficiency, while generating minimum possible waste of any type. The mission of this

competition is to implement the 'GCCC' initiatives at college campuses which would be visible.

The College activities include, Terrace Gardening, No vehicle day, Mangrove activity, Vermicomposting, Eco-friendly Practices In Laboratory, Cloth recycling, Green and farmer friendly farming, World wildlife week, Energy audit, Sustainability index, E-waste Management, Solid Waste Management Survey, Water Analysis River (BOD), Plastic free campus, Paper less work by using technologies like ICT, smart board, androids, Increased recycling rate of the organic waste, Change in attitude of the students towards environment, Increase in plantation in the campus, etc. After collection of data related to such environment friendly activities, A power point presentation with Video film related to GCCC concept is prepared every year by B.Sc. Microbiology students and submitted to Kirloskar Vasundhara Foundation, Pune.

A power point presentation with Video related to this concept was prepared by the TY and SY Microbiology students and submitted in December 2023. Microbiology students presented the PPT on 26th December 2023. In this presentation students explained about all the activities conducted inside and outside of the college by our students related to the environment. All the jury members unanimously decided the result of the competition on Our college fetched 2nd prize among all colleges in Pune District in this competition.
